<p>G/SPS/N/UKR/217 16/01/2024</p>	Ukraine	<p><i>Fruit jams, jellies, marmalades, sweetened chestnut puree</i></p> <p>Draft Order of the Ministry of Agrarian Policy and Food of Ukraine "On Approval of the Requirements for Fruit Jams, Jellies, Marmalades and Sweetened Chestnut Puree"</p> <p>The draft Order provides for the approval of requirements for fruit jams, jellies, marmalades and sweetened chestnut puree, including the procedure of methods of preparation and processing of fruit raw materials for the production of fruit jams, jellies and marmalades and chestnut purees with added sugar intended for human consumption. According to these requirements, certain quality indicators for fruit jams, jellies, marmalades, sweetened chestnut puree are established in order to ensure that consumers are properly informed about the properties of these food products, including their labelling, and to prevent business practices that mislead consumers. These requirements do not apply to ingredients intended for the manufacture of bakery products, pastries or biscuits. The draft Order also stipulates that fruit jams, jellies, marmalades and sweetened chestnut puree that comply with the requirements in force before the entry into force of this Order, but do not meet the requirements for fruit jams, jellies, marmalades and sweetened chestnut puree approved by this Order, may be placed on the market for three years from the date of entry into force of this Order. Such food products may be placed on the market until the final date of consumption or the expiry of the minimum shelf life. The draft Order developed in order to implement EU legislation. The draft Order is also notified under the TBT Agreement.</p>	16/03/2024

G/SPS/N/EU/712 18/01/2024	European Union	<p><i>Multiple commodities</i></p> <p>Commission Implementing Regulation (EU) 2024/286 of 16 January 2024 amending Implementing Regulation (EU) 2019/1793 on the temporary increase of official controls and emergency measures governing the entry into the Union of certain goods from certain third countries implementing Regulations (EU) 2017/625 and (EC) No 178/2002 of the European Parliament and of the Council (Text with EEA relevance)</p>	

Regulation (EU) 2019/1793 lays down rules concerning the temporary increase of official controls upon entry into the Union on certain food and feed of non-animal origin from certain third countries (in Annex I); special import conditions for certain food and feed from certain third countries due to the contamination risk by mycotoxins, including aflatoxins, pesticide residues, pentachlorophenol and dioxins and microbiological contamination (in Annex II - increased official border controls and official certificate accompanied by the results of sampling and analysis in the third country). This Implementing Regulation amends Annexes I and II to Implementing Regulation (EU) 2019/1793 by introducing the following changes:

1. Modification of measures/new measures:

Inclusion in Annex I of seem bean, helmet bean (*Lablab purpureus*) from Bangladesh, vine leaves from Egypt, yardlong beans (*Vigna unguiculata* ssp. *sesquipedalis*, *Vigna unguiculata* ssp. *unguiculata*) from Sri Lanka, granadilla and passion fruit (*Passiflora ligularis* and *Passiflora edulis*) from Thailand and durian (*Durio zibethius*) from Viet Nam due to risk of contamination by pesticide residues;

Delisting from Annex I (and thus, from the Regulation) of mint (*Mentha*) from Israel, food supplements containing botanicals from South Korea and pepper of the genus *Capsicum* (other than sweet) from Uganda;

Increase in the frequency of identity and physical checks laid down in Annex I for yardlong beans (*Vigna unguiculata* ssp. *sesquipedalis*, *Vigna unguiculata* ssp. *unguiculata*) from India (pesticide residues – 30%), black eyed beans (*Vigna unguiculata*) from Madagascar (pesticide residues – 30%), rice from Pakistan (pesticide residues – 10%) and cumin seeds from Türkiye (pyrrolizidine alkaloids – 30%);

Decrease in the frequency of identity and physical checks laid down in Annex I guar gum from India (pentachlorophenol and dioxins – 30%) and instant noodles containing spices/seasonings or sauces from South Korea;

Increase in the frequency of identity and physical checks laid down in Annex II for peppers of the genus *Capsicum* (other than sweet) from India (pesticide residues – 30%) and sesamum seeds from India (*Salmonella* – 30%);

Decrease in the frequency of identity and physical checks laid down in Annex II sesamum seeds from India (ethylene oxide – 30%);

Delisting point 2 from Annex II (and thus, from the Regulation) of consignments of food and feed consisting of two or more ingredients, containing any of the food listed in point 1 to Annex II.
