<a href="#">G/SPS/N/CHN/1296</a> 12/02/2024	China	<i>Complementary food supplement</i> <b>National Food Safety Standard of the P.R.C.: Complementary Food Supplement</b> This Standard applies to complementary food supplement for infants from 6 months to 36 months, and children from 37 months to 72 months.	12/04/2024
<a href="#">G/SPS/N/CHN/1297</a> 12/02/2024	China	<i>Foods for special medical purposes</i> <b>National Food Safety Standard of the P.R.C.: General Rules of Foods for Special Medical Purposes</b> This standard specifies the relevant technical indicators of foods for special medical purposes. This standard applies to the foods for special medical purposes for people over 1 year old.	12/04/2024
<a href="#">G/SPS/N/CHN/1298</a> 12/02/2024	China	<i>Food nutritional fortifier vitamin K2 (synthetic method)</i> <b>National Food Safety Standard of the P.R.C.: Food nutritional fortifier vitamin K2 (synthetic method)</b> This standard is applicable to food nutrition fortifier vitamin K2 prepared by chemical synthesis from vitamin K3 and heptaenoterpene alcohol or from vitamin K3, farnicol and geraniol as raw material.	12/04/2024
<a href="#">G/SPS/N/USA/3441</a> 12/02/2024	United States of America	<i>Alfalfa, forage; Alfalfa, hay</i> <b>Linuron; Pesticide Tolerances. Final Rule</b> This regulation establishes tolerances for residues of linuron in or on alfalfa, forage and alfalfa, hay.	
<a href="#">G/SPS/N/USA/3442</a> 12/02/2024	United States of America	<i>Corn, field, forage; Corn, field, milled by-products; Corn, field, stover; Grain, cereal, forage, hay, stover, and straw, group 16-22, forage, except corn, field, forage; Grain, cereal, forage, hay, stover, and straw, group 16-22, hay; Grain, cereal, forage, hay, stover, and straw, group 16-22, stover, except corn, field, stover; Grain, cereal, forage, hay, stover, and straw, group 16-22, straw, except barley, chia, and wheat, straw</i> <b>Saflufenacil; Pesticide Tolerances. Final Rule</b> This regulation establishes tolerances for residues of saflufenacil in or on corn, field, forage; corn, field, stover; and corn, field, milled by-products; and amends the existing commodity definition for Crop Group 16 to Crop Group 16-22.	
<a href="#">G/SPS/N/SAU/526</a> 13/02/2024	Saudi Arabia, Kingdom of	<i>Poultry meat, eggs and their products</i> <b>Notice of Administration Order of Saudi Food and Drug Authority Ref. No. 20658 dated 7 February 2024 entitled "Temporary ban on importation of poultry meat, eggs and their products originating from Łódzkie in Poland"</b> Following the WOAHP report dated 29 January 2024, a Highly Pathogenic Avian Influenza (HPAI) virus outbreak has occurred in Łódzkie in Poland. In compliance with the World Organization for Animal Health (WOAH), Terrestrial Animal Health Code Chapter 10.4, it is deemed necessary for the Kingdom of Saudi Arabia to prevent the entry of the HPAI	Emergency notifications (SPS)

virus into the country. Therefore, the import of poultry meat, eggs and their products from Łódzkie in Poland to the Kingdom of Saudi Arabia is temporarily suspended (with the exception of processed poultry meat and egg products exposed to either heat or other treatments that ensure deactivation of the HPAI virus, as long as it conforms with the approved health requirements, and standards, with a health certificate issued by the official bodies in Poland prove that the product is free from the virus).

<a href="#">G/SPS/N/EU/717</a> 14/02/2024	European Union	<p><i>Certain categories of terrestrial animals and germinal products thereof</i></p> <p><b>Commission Implementing Regulation (EU) 2024/351 of 17 January 2024 amending Implementing Regulation (EU) 2021/403 as regards model animal health certificates, model animal health/official certificates, model declarations and model official declarations for the entry into the Union of consignments of certain categories of terrestrial animals and germinal products thereof (OJ L 2024/351, 9 February 2024)</b></p> <p>The Regulation amends model certificates and model declarations for the entry into the Union of consignments of certain categories of terrestrial animal and germinal products thereof in order to reflect new EU animal health requirements, update references to new EU legislation regarding residues requirements for the entry into the Union of animals, and clarify and make consistent the wording of certain requirements, notes and footnotes.</p>	
<a href="#">G/SPS/N/MYS/59</a> 14/02/2024	Malaysia	<p><i>Residues and waste from the food industries; Prepared animal fodder (HS code(s): 23)</i></p> <p><b>Amendment to the Application Form for Importation of Feed into Malaysia (Pet Food/ Animal Feed/ Feed Additive Containing Animal-Based Raw Materials)</b></p> <p>The proposed amendment to the Application Form for Importation of Feed into Malaysia (Pet Food/ Animal Feed/ Feed Additive Containing Animal-Based Raw Materials) is to include new requirement for verification of the form by the Competent Veterinary Authority of the exporting country. It is important to ensure the information provided in the application form has been verified to be true by the Competent Veterinary Authority which supervises the operation of the said feed manufacturing establishment.</p>	14/04/2024
<a href="#">G/SPS/N/BRA/2253</a> 15/02/2024	Brazil	<p><i>Musa spp. (banana)</i></p> <p><b>MAPA ORDINANCE No 655, of 8 February 2024 - Incorporates into the Brazilian legal system the Phytosanitary Requirements for Musa spp. (banana), second country of destination and origin, for MERCOSUR States Parties</b></p> <p>Phytosanitary requirements for Musa spp. (banana) for MERCOSUR States Parties.</p>	
<a href="#">G/SPS/N/CAN/1546</a> 15/02/2024	Canada	<p><i>Pesticide pyroxsulam in or on crop subgroup 15-21A (wheat) (ICS codes: 65.020, 65.100, 67.040, 67.060)</i></p> <p><b>Proposed Maximum Residue Limit: Pyroxsulam (PMRL2024-02)</b></p> <p>The objective of the notified document PMRL2024-02 is to consult on the listed maximum residue limit (MRL) for pyroxsulam that has been proposed by Health Canada's Pest</p>	17/04/2024

		<p>Management Regulatory Agency (PMRA).MRL (ppm)1 Raw Agricultural Commodity (RAC) and/or Processed Commodity0.01 Wheat (crop subgroup 15-21A)21 ppm = parts per million2 The MRL is proposed to replace the currently established 0.01 ppm MRLs for wheat and triticale with an MRL for all food commodities in the crop subgroup at the same MRL value.</p>	
<p><a href="#">G/SPS/N/CAN/1547</a> 15/02/2024</p>	Canada	<p><i>Pesticide cloquintocet-mexyl in or on crop subgroup 15-21A (wheat) (ICS codes: 65.020, 65.100, 67.040, 67.060)</i>  <b>Proposed Maximum Residue Limit: Cloquintocet-mexyl (PMRL2024-03)</b>  The objective of the notified document PMRL2024-03 is to consult on the listed maximum residue limit (MRL) for cloquintocet-mexyl that has been proposed by Health Canada’s Pest Management Regulatory Agency (PMRA).MRL (ppm)1 Raw Agricultural Commodity (RAC) and/or Processed Commodity0.01 Wheat (crop subgroup 15-21A)21 ppm = parts per million2 The MRL is proposed to replace the currently established 0.01 ppm MRL for wheat with an MRL for all food commodities in the crop subgroup at the same MRL value.</p>	17/04/2024
<p><a href="#">G/SPS/N/EU/718</a> 16/02/2024</p>	European Union	<p><i>Preparation of a kind used in animal nutrition (HS code: 2309)</i>  <b>Commission Implementing Regulation (EU) 2024/285 of 17 January 2024 concerning the authorisation of taiga root tincture from <i>Eleutherococcus senticosus</i> (Rupr. &amp; Maxim.) Maxim as a feed additive for dogs, cats and horses</b>  The substance covered by the Act was authorized as feed additive in the functional group ‘flavouring compounds’. The application was submitted for the reauthorization of this substance in accordance with article 10 of Regulation (EC) No 1831/2003. Further to the positive assessment by the European Food Safety Authority, this substance is reauthorized as feed additive for dogs, cats and horses, under certain conditions. A transitional period is included for the interested parties to meet the new authorization’s requirements.</p>	
<p><a href="#">G/SPS/N/USA/3443</a> 16/02/2024</p>	United States of America	<p><i>All commodities</i>  <b>Chlorpyrifos; Reinstatement of Tolerances. Final Rule</b>  The Environmental Protection Agency (EPA) is amending its regulations to reflect the current legal status of the chlorpyrifos tolerances following a court order vacating the Agency's revocation of those tolerances. EPA is issuing this as a final action that is effective upon publication since this action simply conforms the regulations to reflect the tolerances that have already been legally reinstated by the court's order.Since the tolerances are currently in effect, growers can now use currently registered chlorpyrifos products on all crops with reinstated tolerances, consistent with directions for use on those product labels. However, such uses may be subject to restrictions by individual states. The Eighth Circuit’s decision stated that EPA should have considered modifying the tolerances in addition to complete revocation and noted that the Agency had "identified 11 specific candidates" of food and feed crop uses whose tolerances could be modified in a Preliminary Interim Decision EPA issued in 2020. Thus, the Agency expects to expeditiously propose a new rule to revoke the tolerances for all but 11 uses with additional restrictions for geographic location and rate of application to address</p>	

safety of the tolerances, and potential restrictions for farmworker and other vulnerable populations, and vulnerable species and their habitats. Those 11 uses are: alfalfa, apple, asparagus, cherry (tart), citrus, cotton, peach, soybean, strawberry, sugar beet, wheat (spring), and wheat (winter). These 11 uses were identified in the December 2020 Chlorpyrifos Proposed Interim Decision and represented about 55% of the total chlorpyrifos usage (average annual pounds applied) on agricultural commodities between 2014-2018. EPA is also engaged in discussions with registrants of chlorpyrifos products to further reduce exposures associated with these 11 uses of chlorpyrifos. EPA will also consider the 2020 Proposed Interim Decision and public comments received on that document. At this time, any existing final cancellation orders, including any terms for sale, distribution, and use of existing stocks of products subject to those cancellation orders and related return programs for chlorpyrifos products, remain in place, unless and until amended by EPA.
