Teeth, tusks
Planned Revision of the Ministerial Ordinance for Enforcement of the Act on Domestic Animal Infectious Disease Control (Addition to Designated Quarantine Items)

27/06/2026

MAFF is proposing to revise Article 45-3 of the Ministerial Ordinance for Enforcement of the Act on Domestic Animal Infectious Diseases Control to add teeth and tusks as designated quarantine items. As a result, the import of the said items will not be permitted without an appropriate health certificate issued by the animal health authority of the exporting country, and

importers of the said items, would be required to notify the Animal Quarantine Service without delay.

New GB MRLs for cyantraniliprole amending the GB MRL Statutory Register

Cyantraniliprole is an approved active substance in Great Britain (GB). An application was received by the Health and Safety Executive (HSE) requesting new Maximum Residue Levels (MRLs) for various commodities listed in Section 3. Following assessment, new MRLs have been introduced to support an extension of a plant protection product (PPP) authorization for minor use in GB. The new MRLs are all an increase from those previously in force. The Evaluation Report / Reasoned Opinion supporting the new MRLs is available at the following link: The evaluation of new MRLs for cyantraniliprole in or on various leaf vegetables, herbs and edible flowers The residue levels arising in food from the notified uses result in consumer exposures below the toxicological reference values. As the residue levels exceed the current MRLs in force, new MRLs are being adopted.

Productos farmacológicos, biológicos, fitoterapéuticos, homeopáticos; ectoparasiticidas, insecticidas y repelentes; antisépticos, y desinfectantes, sanitizantes y detergentes de uso veterinario (código(s) del SA: 3003; 3004; 3402; 3808)

28/06/2026

Proyecto de Resolución “Por medio de la cual se reglamenta la aplicación de las Buenas Prácticas en las Empresas fabricantes o elaboradoras, fabricantes o elaboradoras por contrato, semielaboradoras y/o almacenadoras de productos Veterinarios”

La medida establece los requisitos para la aplicación de Buenas Prácticas de Manufactura y Buenas Prácticas de Almacenamiento en empresas que fabriquen, elaboren, semielaboren o almacenen productos de uso veterinario, incluyendo productos farmacológicos, biológicos, fitoterapéuticos, homeopáticos, ectoparasiticidas, desinfectantes y otros insumos relacionados. Su objetivo es prevenir y controlar riesgos biológicos y químicos que puedan afectar la sanidad animal y la inocuidad en la producción agropecuaria, garantizando que dichos productos sean

		fabricados, manipulados y almacenados bajo condiciones que minimicen la contaminación, la propagación de enfermedades y otros riesgos sanitarios.	
G/SPS/N/EGY/181 29/04/2026	Egypt	<i>Ice cream and ice confectionery (ICS code(s): 67.100.40)</i> Draft of the Egyptian Standard ES 1185-3 for "Milk and Water Ices Part 3: Milk Ices with Vegetable Fat (ice cream with vegetable fat)" This standard specifies the basic requirements and descriptive criteria for milk and water ices milk with vegetables fat (ice cream with vegetable fat). Worth mentioning is that this standard has been formulated according to national studies. Producers and importers are kept informed of any amendments in the Egyptian Standards through the publication of administrative orders in the official gazette.	28/06/2026
G/SPS/N/EGY/182 29/04/2026	Egypt	<i>Milk and processed milk products (ICS code(s): 67.100.10)</i> Draft of the Egyptian standard for "A blend of evaporated skimmed milk and vegetable fat" This draft standard applies to a blend of evaporated skimmed milk and vegetable fat, also known as a blend of unsweetened condensed skimmed milk and vegetable fat, which is intended for direct consumption, or further processing, in conformity with the description in Section 2 of this Standard.	28/06/2026
G/SPS/N/EGY/183 29/04/2026	Egypt	<i>Milk and processed milk products (ICS code(s): 67.100.10)</i> Draft of the Egyptian standard for "A blend of sweetened condensed skimmed milk and vegetable fat" This draft standard applies to a blend of sweetened condensed skimmed milk and vegetable fat, intended for direct consumption, or further processing, in conformity with the description in Section 2 of this Standard.	28/06/2026

G/SPS/N/BRA/2488 01/05/2026	Brazil	<i>Castor bean (Ricinus communis)</i> Draft. Establishes the phytosanitary requirements for the importation of seeds (Category 4) of castor bean (Ricinus communis) produced in any origin Draft Ordinance aiming to establish the phytosanitary requirements for the importation into Brazil of seeds (Category 4) of castor bean (Ricinus communis) produced in any origin.	30/06/2026
G/SPS/N/EU/943 01/05/2026	European Union	<i>Certain products of plant origin, including fruit and vegetables</i>	30/06/2026

Draft Commission Regulation (EU) amending Annexes II, III and V to Regulation (EC) No 396/2005 of the European Parliament and of the Council as regards maximum residue levels for carbofuran, imazalil, mandipropamid, propaquizafop, quizalofop-P-ethyl and quizalofop-P-tefuryl in or on certain products (Text with EEA relevance)

The proposed draft Regulation concerns the review of existing Maximum Residue Levels (MRLs) for carbofuran, imazalil, mandipropamid, propaquizafop, quizalofop-P-ethyl and quizalofop-P-tefuryl in certain food commodities. Based on the European Food Safety Authority risk assessment MRLs for these substances in certain commodities are lowered, while some MRLs will be raised.
