Le présent projet de décret fixe certaines dispositions particulières permettant à l'Office national de sécurité sanitaire des produits alimentaires qui, conformément aux dispositions de l'article 2 de la loi n° 25-08 portant création de cet Office, exerce, pour le compte de l'État, les attributions relatives à la préservation de la santé des végétaux et de la police phytosanitaire. A cet effet, ledit projet de décret fixe:</p> <ol style="list-style-type: none"> 1) Le cadre dans lequel est assurée la surveillance phytosanitaire des végétaux sur le territoire national par les services compétents de l'ONSSA; 2) Les modalités des contrôles phytosanitaires des végétaux, produits végétaux et autres objets à l'importation, au transit et à l'exportation ainsi que le contrôle phytosanitaire à la production, à la plantation et à la circulation du matériel de multiplication et des végétaux. Le présent décret, en se fondant essentiellement sur les dispositions des normes internationales pour les mesures phytosanitaires de la CIPV précitée, permettra au Maroc d'adopter une réglementation aux standards internationaux quant aux mesures de police phytosanitaire lors de l'apparition de nouvelles maladies végétales et prévenir l'introduction au Maroc de tout organisme nuisible de quarantaine. 	09/08/2022

Resolution of the Cabinet of Ministers of Ukraine of 7 May 2022 No. 537 "Some issues of state control to check compliance with the legislation on food, feed, animal by-products, health and welfare of animals, state veterinary and sanitary control and imports of goods to the customs territory of Ukraine during martial law".

The Resolution provides for procedures on state control to check compliance with the legislation on food, feed, by-products of animal origin, veterinary medicine and animal welfare, as well as for state veterinary and sanitary control, and defines the specifics of their implementation during martial law in Ukraine, in particular:

- conducting state control over compliance with the legislation on food, feed, animal by-products, veterinary medicine and animal welfare at all checkpoints of the state border of Ukraine and customs control zones on the customs territory of Ukraine, if there are conditions for its implementation;
- determination of an exhaustive list of grounds for physical inspection and laboratory examination of goods imported to Ukraine;
- regulation of the procedure for imports to Ukraine of products that have been appropriately processed, feed additives, feed for productive animals, live animals as well as the procedure for transit of live animals;
- providing for the possibility to import feed additives and feed for productive animals that have the appropriate registration in the European Union;
- regulation of the issue of imports to Ukraine of live animals and their reproductive material from facilities that were not previously inspected by Ukrainian specialists as well as the procedure for their transit through the territories of countries where cases of animal infectious diseases are registered.
