G/SPS/N/BRA/2312 15/07/2024	Brazil	<i>Hydrangeacut flowers</i> ORDINANCE SDA/MAPA No 1.142, of 5 July 2024. Establishes phytosanitary requirements for the import of hydrangeacut flowers produced in Peru.	
G/SPS/N/ALB/207 17/07/2024	Albania	<i>Plants, plant products and other objects</i> Order of Minister of Agriculture and Rural Development No. 113, dated 15 March 2022 "On the approval of the regulation "For protective measures against plant pests" The purpose of this regulation is to prevent the entry and spread of quarantine pests and non-quarantine pests in the territory of Albania, to ensure the best possible protection of plants, plant products and other objects that are the object of phytosanitary control.	
G/SPS/N/ALB/208 17/07/2024	Albania	<i>Plants, plant products and other objects, plant protection products</i> Law 15/2022 "On some additions and changes of Law No. 105/2016 "On plant protection" as amended. Law 105/2016 "On Plant Protection" has two main pillars, plant health and plant protection products. The amendments regulate only issues related to plant health. This law makes some legal adjustments, making it possible to fully or partially align the EU Aquis in this area through the by-laws in its implementation. Based also on the fact that since 14 December 2019, new EU legislation in this field came into force, with substantial changes from the previous legislation. On the other hand, during the practice of implementing the law, it was found that the law needs some legal adjustments related to the lack of space to issue by-laws, adjustments which become urgent after the changes that the European legislation underwent at the end of 2019. The approval of this law makes possible for the first time the registration of professional operators who have activity within the territory of Albania in relation to plants, plant products and other objects. It makes it possible to complete the legal framework for the implementation of the Plant Passport.	
G/SPS/N/CAN/1561 17/07/2024	Canada	<i>Sucralose (ICS code: 67.220.20)</i> Modification to the List of permitted sweeteners to extend the use of sucralose. Health Canada's Food and Nutrition Directorate completed a premarket safety assessment of a food additive submission seeking authorization for the use of sucralose in liquid protein preparations represented for use under medical supervision and by individuals 18 years of age or older. The results of the premarket assessment support the safety of sucralose for its requested use. Consequently, Health Canada has extended the use of sucralose as described in the information document by modifying the List of permitted sweeteners, effective 11 July 2024. The purpose of the information document is to publicly announce the Department's decision in this regard and to provide the	24/09/2024

appropriate contact information for those wishing to submit an inquiry or new scientific information relevant to the safety of this food additive.

G/SPS/N/COL/361 17/07/2024	Colombia	<p><i>Camarón y demás crustáceos crudos, sus productos y subproductos</i></p> <p>Resolución No. 00007748 del 10 de julio de 2024 "Por la cual se establecen medidas preventivas de emergencia por la presencia del virus del síndrome de las manchas blancas en camarón y demás crustáceos crudos, sus productos y subproductos de riesgo provenientes de Ecuador con destino Colombia".</p> <p>Se suspende la emisión de documentos zoosanitarios de importación (DZI) de camarón y demás crustáceos crudos, sus productos y subproductos de riesgo procedentes de Ecuador, que sean susceptibles de transmitir el virus del síndrome de las manchas blancas (WSSV), hasta tanto se cuente con una evaluación de riesgos que permita determinar el establecimiento de alternativas o medidas permanentes, la modificación o levantamiento de las aquí adoptadas.</p>	
G/SPS/N/CHL/796 17/07/2024	Chile	<p><i>Material vegetal de propagación como cultivo de tejido in vitro</i></p> <p>Modifica Resolución No 655 del 24 de enero de 2024, que establece requisitos fitosanitarios de importación para material vegetal de propagación como cultivo de tejido in vitro, de géneros y especies frutales, hortalizas, cultivos industriales, ornamentales y forestales, procedentes de todo origen.</p> <p>Se modifica la Resolución No 655 de 2024, que establece requisitos para la importación de material vegetal como cultivo de tejido in vitro a Chile, en lo siguiente: Se agrega al final del cuadro del numeral 5.3.1 GÉNEROS / ESPECIES FRUTALES.</p> <p>Para mayor detalle, revisar el documento adjunto a esta notificación.</p>	15/09/2024
G/SPS/N/KWT/148 17/07/2024	Kuwait, the State of	<p><i>Meat and edible offal of the poultry of heading 01.05, fresh, chilled or frozen (HS code(s): 0207); Meat, meat products and other animal produce (ICS code(s): 67.120)</i></p> <p>Ministerial Decisions number 784 and 785 of 1 July 2024 (United states of America).</p> <p>Decisions to ban/ban lift poultry meat (fresh, chilled, frozen and processed) of all types from certain counties in the United States of America due to an outbreak of highly pathogenic avian influenza.</p>	
G/SPS/N/KWT/149 17/07/2024	Kuwait, the State of	<p><i>Meat and edible offal of the poultry of heading 01.05, fresh, chilled or frozen (HS code(s): 0207); Meat, meat products and other animal produce (ICS code(s): 67.120)</i></p> <p>Ministerial Decision number 785 of 1 July 2024 (Mexico).</p> <p>Decision to ban poultry meat (fresh, chilled, frozen and processed) of all types from Jalisco, Mexico due to an outbreak of highly pathogenic avian influenza.</p>	
G/SPS/N/AUS/591 18/07/2024	Australia	<p><i>Foods in general</i></p> <p>Proposal to amend Schedule 20 of the revised Australia New Zealand Food Standards Code (9 July 2024).</p>	23/09/2024

This Proposal seeks to amend the Australia New Zealand Food Standards Code to align the following maximum residue limits (MRLs) for various agricultural and veterinary chemicals so that they are consistent with other national regulations relating to the safe and effective use of agricultural and veterinary chemicals:

–Cyazofamid, 2,4-D, Enamectin, Flonicamid, Fluopyram, Fluxapyroxad, Isocycloseram, Mesotrione, Methoxyfenozide, Metolachlor, Metribuzin and Quinoxifen in specified plant commodities;

–Mefentrifluconazole in specified animal commodities.

The proposed increase to the 2,4-D Walnuts MRL from 0.05 mg/kg to 0.2 mg/kg is considered to be trade facilitating noting that Codex, the European Union and the United States of America have established 2,4-D MRLs/tolerances for Tree nuts at 0.2mg/kg. Therefore, this specific MRL change will progress without the normal consultation period.
