G/SPS/N/VNM/190 17/08/2026	Viet Nam	<i>Live terrestrial and aquatic animals; meat, fish and other products of animal origin; animal genetic material; and other commodities listed in Appendices Ia and Ib of the Draft Circular (HS chapters: 01-05, 15, 16, 23, 30, 41, 43, 51, 67 and 96, as applicable; ICS codes: 11.220, 65.020.30, 67.100 and 67.120)</i> Draft Circular of the Minister of Agriculture and Environment Providing for the Quarantine of Animals and Animal Products The Draft Circular consolidates and updates Viet Nam's rules on quarantine of terrestrial and aquatic animals and animal products. It establishes the lists of commodities subject to or exempt from quarantine, quarantine targets, and commodities subject to import risk analysis. It prescribes requirements and procedures for transport out of province-level administrative divisions; export; import; temporary import for re-export; temporary export for re-import; border-gate transfer; bonded warehousing; transit; accompanied or postal consignments; fairs, exhibitions, competitions and performances; and transport of disease specimens. Measures include registration and declaration, documentary and physical or clinical inspection, quarantine isolation where applicable, sampling and testing, cleaning and disinfection, identification and sealing, electronic submission and certification, processing time limits, and issuance of quarantine certificates. The measure applies to all trading partners dealing in covered commodities. It is expected to clarify and simplify procedures, strengthen traceability and risk-based controls, facilitate electronic processing, and provide specified exemptions for listed lower-risk or traceable commodities and cases, while maintaining protection against animal diseases and zoonoses. The Draft Circular will replace or repeal: Circular No. 11/2016/TT-BNNPTNT dated 1 June 2016; Circular No. 01/2026/TT-BNNMT dated 1 January 2026; Circular No. 03/2026/TT-BNNMT dated 13 January 2026; and Article 15 of Circular No. 22/2026/TT-BNNMT dated 19 May 2026. Transitional provisions preserve the validity of certificates already issued and allow specified pre-printed forms, ear tags and sealing wires to continue to be used through 31 December 2027.	16/10/2026
G/SPS/N/KOR/852 18/08/2026	Korea, Republic of	<i>Health functional food products</i> Partial amendment notice (draft) of Regulations on Recognition of Functional Ingredients and Standards and Specifications for Health Functional Foods - Advance Notice No. 2026-406, 14 August 2026 The proposed amendments seek to: A. Revise the application forms for functional ingredient recognition (Draft [Annexed Form 1], [Annexed Form 2]) - Update the fee section to reflect the upward adjustment of examination fees under the Enforcement Rule of the Health Functional Food Act - Divide the fee section into electronic and in-person/mail applications. B. Updating the decision tree for safety assessment of functional ingredients (Draft [Annex 3])	17/10/2026

REGLAMENTO SANITARIO DE ALIMENTOS Y BEBIDAS DE LA REPÚBLICA DOMINICANA

Define los requisitos, condiciones sanitarias y disposiciones reglamentarias que deben observarse en las distintas etapas relacionadas con los alimentos procesados destinados al consumo humano, incluyendo su producción, manipulación, importación, exportación, procesamiento, envasado, almacenamiento, distribución, transporte y comercialización. Este Reglamento será de cumplimiento obligatorio en todo el territorio nacional y aplicará a las personas físicas o jurídicas que participen, directa o indirectamente, en las actividades y procesos que contempla. Asimismo, comprenderá los establecimientos, vehículos y medios utilizados para el transporte y la distribución de los productos destinados a tales actividades, con el propósito de garantizar la protección de la salud y la seguridad humana.

Live domestic pigs and wild pigs and their carcasses under Animal Epidemics Act B.E. 2558 (2015)

The DLD order on temporary suspension of importation or transit of live domestic pigs and wild pigs and their carcasses from Hungary to prevent the spread of African Swine Fever

The WOH has reported an outbreak of African Swine Fever (ASF) in the area of Hungary. Therefore, it is necessary for Thailand to prevent the entry of African Swine Fever disease into the country. By the virtue of the Animal Epidemics Act B.E. 2558 (2015), the importation or transit of live domestic pigs, wild pigs, and their carcasses from Hungary has been temporarily suspended.
