G/SPS/N/EU/968 21/09/2026	European Union	<i>Preparations of a kind used in animal feeding (HS code(s): 2309)</i> Commission Implementing Regulation (EU) 2026/1756 of 20 July 2026 concerning the authorisation of L-valine produced from <i>Corynebacterium glutamicum</i> KCCM 80366, in the form of an inactivated fermentation product, as a feed additive for all animal species (Text with EEA relevance). This Regulation authorises for the first time in the European Union and for a period of 10 years L-valine produced from <i>Corynebacterium glutamicum</i> KCCM 80366 as a feed additive belonging to the additive category 'nutritional additives' and in the functional group 'amino acids, their salts and analogues', for all animal species. This authorisation is based on the favourable conclusions of a scientific assessment of the dossier submitted by the applicant, conducted by the European Food Safety Authority (EFSA). The terms of the authorisation are detailed in the Annex to the Act.	
G/SPS/N/BRA/2535 22/09/2026	Brazil	<i>Helianthus annuus</i> Draft. Updates the phytosanitary requirements for the importation of grains of sunflower (<i>Helianthus annuus</i>) produced in the Arab Republic of Egypt. Draft Ordinance aiming to update the phytosanitary requirements for the import of grains of sunflower (<i>Helianthus annuus</i>) produced in Egypt. The consignments must be accompanied by a Phytosanitary Certificate and an Additional Declaration, issued by the National Plant Protection Organization – NPPO of the Egypt, as detailed on the Draft Ordinance.	21/11/2026
G/SPS/N/BRA/2536 22/09/2026	Brazil	<i>Vaccinium corymbosum</i> Draft - Updates the phytosanitary requirements for the the import of fresh fruits of blueberry (<i>Vaccinium corymbosum</i>) produced in the United States of America. Draft Ordinance aiming to update the phytosanitary requirements for the import of fresh fruits of blueberry (<i>Vaccinium corymbosum</i>) produced in the United States of America. The consignments must be accompanied by a Phytosanitary Certificate and an Additional Declaration, issued by the National Plant Protection Organization – NPPO of the United States of America, as detailed on the Draft Ordinance.	21/11/2026
G/SPS/N/EU/969 22/09/2026	European Union	<i>Preparations of a kind used in animal feeding (HS code(s): 2309)</i> Commission Implementing Regulation (EU) 2026/1786 of 23 July 2026 concerning the authorisation of basil tincture from <i>Ocimum basilicum</i> L. as a feed additive for all animal species (Text with EEA relevance). Language(s): English, French and Spanish. The substance covered by the Act was authorised as a feed additive for all animal species. An application was	

submitted for the reauthorisation of this substance in accordance with article 10 of Regulation (EC) No 1831/2003. Based on the favourable conclusions of a scientific assessment of the dossier submitted by the applicant, conducted by the European Food Safety Authority (EFSA), this substance is reauthorised as a feed additive for all animal species in the additive category 'sensory additives' and in the functional group 'flavouring compounds', under certain conditions detailed in the Annex to the Act. A transitional period is included for the interested parties to meet the new authorisation's requirements.

Thailand

Live domestic pigs and wild pigs and their carcasses under Animal Epidemics Act B.E. 2558 (2015)

The DLD order on temporary suspension of importation or transit of live domestic pigs and wild pigs and their carcasses from Finland to prevent the spread of African Swine Fever.

The WOAHA has reported an outbreak of African Swine Fever (ASF) in the area of Finland. Therefore, it is necessary for Thailand to prevent the entry of African Swine Fever disease into the country. By the virtue of the Animal Epidemics Act B.E. 2558 (2015), the importation or transit of live domestic pigs, wild pigs, and their carcasses from Finland has been temporarily suspended.

Pesticides, fertilizers, plant varieties (HS codes: 31.01, 31.02, 31.03, 31.04, 31.05, 38.08) 06/10/2026

Circular amending, supplementing a number of articles of various circulars in the field of agriculture and environment.

The draft Circular amends, supplements or abolish a number of regulations in the field of agriculture and environment:

□ Plant production and protection:

- (1) decentralize from the Minister of Agriculture and Environment to the Chair persons of provincial-level People's Committee in dealing with administrative procedures for the State inspection of imported pesticide quality;
- (2) abolish the conditions for granting Decision on recognition of plant variety testing bodies, and abolish administrative procedures for granting, re-granting the Decision on recognition of plant variety testing bodies;
- (3) abolish administrative procedures for self-declaration of plant variety circulation;
- (4) extend valid duration of Decision on recognition of fertilizer circulation in Viet Nam from five years to ten years;
- (5) simplify administrative procedures for granting Pesticide import License.

□ Fisheries: abolish Article 5 of Circular 16/2026/TT-BNNMT to have consistence with the relevant regulations of the revised Law on Fisheries.

□ Dyke management: revise scope of application in the light that guidance is only provided to consult with the Ministry of Agriculture and Environment on acceptance of dyke-related activities.

The draft Circular aims to promptly implement relevant higher-level legal instruments; reduce and simplify administrative procedures and business investment conditions; promote decentralization; update procedures and forms; reduce processing time and compliance costs; and facilitate production, business and trade activities by organizations and individuals.
