*Alpha-cyclodextrin (ICS code: 67.220.20)*

19/12/2022

**Health Canada's Proposal to Enable the Use of Alpha-Cyclodextrin as an Emulsifying, Stabilizing or Thickening Agent in Various Foods.**

Health Canada's Food Directorate completed a detailed premarket safety assessment of a food additive submission seeking approval for the use of alpha-cyclodextrin as an emulsifying, stabilizing, or thickening agent in various foods. The results of the premarket assessment support the safety and efficacy of alpha-cyclodextrin for use as set out in the information document. Consequently, Health Canada intends to enable the use of alpha-cyclodextrin by modifying the List of Permitted Emulsifying, Gelling, Stabilizing or Thickening Agents, as proposed in the information document. The purpose of this communication is to publicly announce the Department's intention in this regard and to provide the appropriate contact information for those wishing to submit comments, inquiries or new

		scientific information relevant to the safety of this food additive.	
<a href="#">G/SPS/N/CAN/1459</a> 13/10/2022	Canada	<p><i>Milk thistle seed extract (silymarin) as a supplemental ingredient in foods</i></p> <p><b>Health Canada's proposal to enable the use of milk thistle seed extract (silymarin) as a supplemental ingredient in foods.</b></p> <p>Health Canada's Food Directorate completed a detailed premarket safety assessment of milk thistle seed extract for use as a supplemental ingredient in foods, under the Supplemented Foods regulatory framework. The results of the premarket assessment support the safety of standardized milk thistle seed extracts based on the silymarin content. Consequently, Health Canada intends to enable the use of milk thistle seed extract (silymarin) by modifying the List of Permitted Supplemental Ingredients as described in the Notice of Proposal information document. The purpose of this communication is to publicly announce the Department's intention in this regard and to provide the appropriate contact information for any inquiries or for those wishing to submit new scientific information relevant to the safety of milk thistle seed extract (silymarin) when used as a supplemental ingredient in foods.</p>	20/12/2022
