G/TBT/N/EGY/350 22/03/2023	Egypt	<p>Paratión, Triclorfón, Diclorvos y Cihexatin (Draft Resolution of the Directorate-General of Agricultural Services prohibiting the importation, registration and renewal of phytosanitary products with the active ingredients carbofuran, methyl parathion, trichlorfon, dichlorvos and cyhexatin); (2 pages, in Spanish)</p> <p>The purpose of the notified draft Resolution is to prohibit the importation, registration and renewal of phytosanitary products with the active ingredients carbofuran, methyl parathion, trichlorfon, dichlorvos and cyhexatin.</p>	
G/TBT/N/EGY/350 22/03/2023	Egypt	<p><i>Furniture (ICS code(s): 97.140)</i></p> <p>Draft of Egyptian standard "Furniture - Strength, durability and safety – requirements for domestic tables"</p> <p>This draft of Egyptian standard specifies the minimum requirements for the safety, strength and durability of all types of domestic tables for use by adults, including those with glass in their construction. It does not apply to office tables or desks, tables for non-domestic use, tables for educational institutions and outdoor tables for which Standards exist. It does not apply to tables where the table top is not fixed to the under structure, i.e. when applying test 3, Table 2, the top becomes detached from the under structure. With the exception of stability tests, the standard does not provide assessment of the suitability of any storage features included in domestic tables. It does not include requirements for the durability of castors and height adjustment mechanisms. It does not include requirements for electrical safety. It does not include requirements for the resistance to ageing and degradation. Annex A (informative) contains a table top deflection test. Worth mentioning is that this draft standard is technically identical with EN 12521 : 2015</p>	
G/TBT/N/EGY/351 22/03/2023	Egypt	<p><i>Furniture (ICS code(s): 97.140)</i></p> <p>Draft of Egyptian standard "Furniture - Ranked seating - Requirements for safety, strength and durability"</p> <p>This draft of Egyptian standard specifies requirements determining the safety, structural strength and durability of all types of seating that are permanently fastened to the floor and/or wall, whether in bench or individual seat form. This standard does not apply to linked seating not fastened to the floor and/or walls and street furniture. It does not include requirements for resistance to ageing, degradation, flammability, the effect of ambient temperature and the durability of upholstery materials. The standard has two annexes: - Annex A (normative) Additional test methods; - Annex B (informative) Test severity in relation to application. Worth mentioning is that this draft standard is technically identical with EN 12727/2016</p>

G/TBT/N/EGY/352 22/03/2023	Egypt	<p><i>Acid secondary cells and batteries (ICS code(s): 29.220.20); Electric road vehicles (ICS code(s): 43.120)</i></p> <p>Draft of Egyptian standard "Secondary lithium-ion cells for the propulsion of electric road vehicles - Part 1: Performance testing"</p> <p>This draft of Egyptian standard specifies performance and lifetime tests for secondary lithium-ion cells used to propel electric vehicles, including battery electric vehicles (BEVs) and hybrid electric vehicles (HEVs). This standard specifies test procedures to obtain the basic characteristics of lithium-ion cells used in vehicle propulsion applications with respect to capacity, power density, energy density, storage life, and cycle life. This standard describes standard test procedures and conditions for selecting the basic performance characteristics of lithium-ion cells used in vehicle propulsion applications that are necessary in order to ensure a basic level of performance and to obtain basic cell data for different designs of battery systems and battery assemblies. Worth mentioning is that this draft standard is technically identical with IEC 62660-1:2018</p>	
G/TBT/N/TPKM/520 22/03/2023	Chinese Taipei	<p><i>Medical device: Medical Equipment (ICS 11.040)</i></p> <p>Draft Amendments to Article 7 and to the Annex to Article 4 of the "Regulations Governing the Classification of Medical Devices"</p> <p>As medical devices involve a variety of scientific fields, their types, items, and compositions are complex and rapidly changing. To clarify the scope of medical devices subject to management, we have reviewed the contents of the Annex to Article 4 of the "Regulations Governing the Classification of Medical Devices" and made appropriate revisions based on international management approaches and the current situation. It is recognized that medical device firms should be given a grace period to respond to the amendments, and Article 7 has been amended accordingly. The proposed amendments are as follows: (1) The date of entering into force for the new product items in Article 4. (Amendment to Article 7); (2) 64 product items have been added. (Amendment to the Annex to Article 4)</p>	
G/TBT/N/GHA/27 23/03/2023	Ghana	<p><i>Dried small sardine and sardine-type pelagic fish</i></p> <p>DARS 1110-1 - Dried small sardine and sardine-type pelagic fish — Part 3: salted Boiled dried anchovies</p> <p>This standard shall apply to all commercial species of anchovies belonging to the family Engraulidae that have been boiled in brine, and dried. This product is intended for consumption after cooking and for further processing. This Standard shall not cover products that have undergone heat treatment prior to drying; It does not also cover products which have undergone an enzymatic maturation in brine.</p>
