	America	<p>Proposed Framework Regulation Amendment: Clarifying Compliance Options for Importers; Proposed rule - On 23 May 2025, the Department of Toxic Substances Control (DTSC) initiated rulemaking to clarify compliance options for importers under the Safer Consumer Products (SCP) Regulations. The proposed amendments detail the ways in which importers can comply with the SCP Regulations when required to do so in the event that a product manufacturer fails to comply with a Priority Product listing. The proposed regulatory amendments are necessary because the current SCP Regulations do not clearly identify compliance options for importers. The proposed regulatory amendments aim to provide clarity and support the predictable implementation of the SCP Regulations. Importers do not need to take any action as a result of this rulemaking.</p>	
G/TBT/N/KGZ/57 04/06/2025	Kyrgyz Republic	<p><i>Explosives and Products on their Basis</i> Draft amendments to the Technical Regulation of the Customs Union «On safety of Explosives and Products on their Basis» (TR CU 028/2012) in terms of the establishment of forms, schemes, and procedures for conformity assessment based on standard conformity assessment schemes (the Decision of the Council of the Eurasian Economic Commission No. 44 (April 18, 2018)); - clarification of the provisions of the Article 2 of the TR CU 028/2012 "Definitions"; - statement of the procedure for conformity assessment in the Article 7 of the TR CU 028/2012 "Conformity assessment" based on standard conformity assessment schemes (the Decision of the Council of the Eurasian Economic Commission No. 44 (April 18, 2018)); - statement of the Article 8 of the TR CU 028/2012 "Marking with a single product circulation mark on the Union market"</p>	10/08/2025

G/TBT/N/USA/2203 04/06/2025	United States of America	<p><i>Vehicle child restraint systems; Motor cars and other motor vehicles principally designed for the transport of <10 persons, incl. station wagons and racing cars (excl. motor vehicles of heading 8702) (HS code(s): 8703); Crash protection and restraint systems (ICS code(s): 43.040.80)</i> Federal Motor Vehicle Safety Standard No. 213a; Child Restraint Systems--Side Impact Protection; Federal Motor Vehicle Safety Standard No. 213; Child</p>	29/07/2025

		<p>Restraint Systems, Federal Motor Vehicle Safety Standard No. 213b; Child Restraint Systems; Notice of proposed rulemaking; Grant of petitions for rulemaking and other proposals - This document proposes amendments to the safety standards for child restraint systems (CRSs). The National Highway Traffic Safety Administration (NHTSA) is proposing to amend Federal Motor Vehicle Safety Standard (FMVSS) No. 213a, "Child restraint systems--side impact protection," to exempt school bus CRSs from the standard's requirements as long as they meet specified labeling requirements; to delay the compliance date from 30 June 2025 to 5 December 2026; to provide that the Child Restraint Air Bag Interaction twelve-month-old (CRABI-12MO) test dummy will not be used to test forward-facing CRSs; and to amend the positioning procedures for that dummy. The first two of these amendments are in response to petitions from CRS manufacturers. NHTSA is also proposing to amend FMVSS No. 213, "Child restraint systems" and FMVSS No. 213b, "Child restraint systems; Mandatory applicability beginning 5 December 2026," to exclude school bus CRSs from the requirements to provide attachments for connection to the vehicle's child restraint anchorage system and to change certain labeling requirements to reflect how school bus child restraints are used.</p>
