G/TBT/N/EU/825 29/07/2021	European Union	<i>Cypermethrin (pesticide active substance)</i> <b>Draft Commission Implementing Regulation renewing the approval of the active substance cypermethrin as a candidate for substitution in accordance with Regulation (EC) No 1107/2009 of the European Parliament and of the Council concerning the placing of plant protection products on the market, and amending the Annex to</b>	27/09/2021

**Commission Implementing Regulation (EU) No 540/2011**

G/TBT/N/EU/825 This draft Commission Implementing Regulation provides that the approval of the active substance cypermethrin is renewed in accordance with Regulation (EC) No 1107/2009. It is however, necessary to include certain conditions and restrictions for spray applications outdoors to ensure the required protection level for aquatic organisms and non-targeted arthropods including bees are possible. Existing authorised plant protection products containing cypermethrin will be reviewed in accordance with the conditions and restrictions set in this act. The conditions and restrictions are based on the first evaluation of the substance for use as a pesticide active substance in the EU under Regulation (EC) No 1107/2009. The substance was formerly approved under Directive 91/414/EEC. This decision only concerns the placing on the market of this substance and does not affect the Maximum Residue Levels (MRLs) for residues of the concerned active substance. Any action on MRLs will be subject to notification under the SPS procedure.

The AEV Act gives the UK Government the powers through secondary legislation to mandate that private electric vehicle (EV) chargepoints sold or installed in the UK must have smart functionality and meet minimum device-level requirements. The UK gave a “pre-notification” in March 2021 to give members the opportunity to provide early comment. No technical comments were received. The UK is now formally notifying members of its intention to lay secondary legislation for electric vehicle smart chargepoints.	28/09/2021
