29/09/2022

**Draft Resolution of the Cabinet of Ministers of Ukraine "On Prohibition of the Production and Use at Work of Certain Hazardous Chemicals"**

The draft Resolution provides for the approval of the List of hazardous chemicals prohibited for production and use at work. It is also defined that the prohibition does not apply if:

- the chemical substance is present in another chemical substance, or as a constituent of waste, provided that its concentration therein is less than the limit specified;
- for the purpose of scientific research testing and analysis;
- for activities intended to eliminate chemical substances that are present in the form of by-products or waste products;
- for the production of the chemical substances specified in the List for use as intermediates, and for such use.

The draft Resolution is designed to implement Council Directive 98/24/EC of 7 April 1998 on the protection of the health and safety of workers from the risks related to chemical agents at work (fourteenth individual Directive within the meaning of Article 16(1) of Directive 89/391/EEC) as regards the adoption of a list of hazardous chemicals prohibited for production and use at work, which will be further revised and supplemented.

*ceramic articles intended to come into contact with foodstuffs*

**draft Order of the Ministry of Health of Ukraine "On approval of the Requirements for ceramic articles intended to come into contact with foodstuffs";**

The draft Order provides for the approval of the Requirements for ceramic articles intended to come into contact with foodstuffs. The Requirements establish the maximum residue level of lead and cadmium migration from ceramic articles which, in their finished state, are intended to come into contact with foodstuffs, the basic rules for determining the migration of lead and cadmium and the

methods of their analysis. The Requirements contain provisions concerning the declaration of ceramic articles intended to come into contact with foodstuffs. Ceramic articles intended to come into contact with foodstuffs produced before the entry into force of this Order may be in circulation until the expiry date (period) of their validity. The draft Order is designed to implement Council Directive 84/500/EEC of 15 October 1984 on the approximation of the laws of the Member States relating to ceramic articles intended to come into contact with foodstuffs.

*2,4,4'-Trichloro-2'-hydroxydiphenyl ether*

**Draft Order of the Ministry of Health of Ukraine "On prohibition of the use of 2,4,4'-Trichloro-2'-hydroxydiphenyl ether in the production of plastic materials and articles intended to come into contact with foodstuffs";**

The draft Order prohibits the use of 2,4,4'-Trichloro-2'-hydroxydiphenyl ether (CAS No. 0003380-34-5, ref. No. 93930) in the production of plastic materials and articles intended to come into contact with foodstuffs. At the same time, a transitional period has been provided to allow the marketing of plastic materials and articles manufactured using 2,4,4'-trichloro-2'-hydroxydiphenyl ether (CAS No. 0003380-34-5, ref. No. 93930) and put into circulation until January 01, 2023 for one year, which is January 01, 2024. The draft Order is designed to meet the safety requirements for articles and materials intended to come into contact with foodstuffs, in accordance with EU requirements.

**Pipeline Safety: Periodic Standards Update II;**

Notice of proposed rulemaking -PHMSA incorporates more than 80 voluntary, consensus, industry technical standards by reference within the Federal pipeline safety regulations (PSRs). This notice of proposed rulemaking (NPRM) proposes amendments that would incorporate by reference all or parts of updated editions of some of those standards. This NPRM also proposes non-substantive edits and clarifications to certain other provisions of the PSRs.

DOE has tentatively determined that the amended test procedure would produce results that are more representative of an average use cycle and more consistent with current industry practice without being unduly burdensome to conduct. DOE seeks comment from interested parties on this proposal.</p>
