<a href="#">G/TBT/N/CHL/570</a> 06/09/2021	Chile	<p><i>Plaguicidas naturales: semioquímicos (contempla aleloquímicos y feromonas)</i></p> <p><b>Establece condiciones y requisitos para la autorización de semioquímicos para el control de plagas</b></p> <p>La medida notificada corresponde a una propuesta de regulación específica que permite establecer condiciones y requisitos para la evaluación y autorización de semioquímicos acorde a sus características particulares y naturaleza, entendiéndose como semioquímicos a compuestos químicos o mezclas de compuestos químicos emitidas por plantas, animales y otros organismos, que generan una respuesta en la conducta o en la fisiología de organismos de la misma o de diferente especie, los que contemplan aleloquímicos y feromonas. Esta medida aportará a la disponibilidad de insumos de calidad, fortaleciendo y ampliando el espectro para el control fitosanitario, y a la vez contribuirá al desarrollo sustentable y competitivo de la agricultura chilena. Para mayor detalle, revisar el documento notificado.</p>	05/11/2021
<a href="#">G/TBT/N/USA/1772</a> 06/09/2021	USA	<p><i>ICS codes: 67.020 (Processes in the food industry), 67.120 (Meat, meat products and other animal produce)</i></p> <p><b>Labeling of Meat or Poultry Products Comprised of or Containing Cultured Animal Cells</b></p> <p>Advance notice of proposed rulemaking - The Food Safety and Inspection Service (FSIS) is publishing this advance notice of proposed rulemaking (ANPR) to request comments pertaining to the labeling of meat and poultry products comprised of or containing cultured cells derived from animals subject to the Federal Meat Inspection Act or the Poultry Products Inspection Act. Issues raised in the comments submitted in response to this ANPR will inform future rulemaking to establish labeling requirements for these products. This ANPR also discusses how FSIS will generally evaluate labels for these products if they are submitted before the Agency completes rulemaking.</p>	
<a href="#">G/TBT/N/USA/1773</a> 06/09/2021	USA	<p><i>ICS codes: 13.020 (Environmental protection), 43.020 (Road vehicles in general), 75.160 (Fuels)</i></p> <p><b>Corporate Average Fuel Economy Standards for Model Years 2024-2026 Passenger Cars and Light Trucks</b></p> <p>Notice of proposed rulemaking - NHTSA, on behalf of the Department of Transportation, is proposing revised fuel economy standards for passenger cars and light trucks for model years 2024-2026. On 20 January 2021, President Biden signed an Executive order (E.O.) entitled, "Protecting Public Health and the Environment and Restoring Science To Tackle the Climate Crisis." In it, the President directed that "The Safer Affordable Fuel-Efficient (SAFE) Vehicles Rule for Model Years</p>	26/10/2021

2021-2026 Passenger Cars and Light Trucks" (hereafter, "the 2020 final rule") be immediately reviewed for consistency with our Nation's abiding commitment to empower our workers and communities; promote and protect our public health and the environment; and conserve our national treasures and monuments, places that secure our national memory. President Biden further directed that the 2020 final rule be reviewed at once and that (in this case) the Secretary of Transportation consider "suspending, revising, or rescinding" it, via a new proposal, by July 2021. Because of the President's direction in the E.O., NHTSA reexamined the 2020 final rule under its authority to set corporate average fuel economy (CAFE) standards. In doing so, NHTSA tentatively concluded that the fuel economy standards set in 2020 should be revised so that they increase at a rate of 8 percent year over year for each model year from 2024 through 2026, for both passenger cars and light trucks. This responds to the agency's statutory mandate to improve energy conservation. This proposal also makes certain minor changes to fuel economy reporting requirements.

<a href="#">G/TBT/N/EU/834</a> 07/09/2021	European Union	<i>Organic products</i> <b>Draft Commission Implementing Regulation laying down detailed rules on certain records and declarations required from operators and groups of operators and on the technical means for the issuance of certificates in accordance with Regulation (EU) 2018/848 of the European Parliament and of the Council</b> This draft Commission implementing Regulation provides the details for the issuance of the certificate in electronic form, for certain records related to checks on preventive and precautionary measures, traceability and mass balance and for certain declarations and communications necessary for official controls.	06/11/2021
<a href="#">G/TBT/N/UGA/1384</a> 07/09/2021	Uganda	<i>Sweater</i> <b>DUS 1970-7:2021, Textiles — Garments — Part 7: Sweater, First edition</b> This Draft Uganda Standard specifies requirements and test methods for sweaters, also known as pullovers and slip overs (sleeveless).	06/11/2021

<a href="#">G/TBT/N/UGA/1389</a> 07/09/2021	Uganda	<i>Speed limiters</i> <b>DUS 2277-1:2021, Road vehicles — Maximum road speed limiters for motor vehicles — Part 1: Performance and installation requirements, First Edition</b> This Part 1 of this Uganda Standard specifies requirements for the performance and installation of devices designed to limit the maximum road speed of motor vehicles by control of engine power. This standard also specifies performance requirements of speed recording and reporting devices. These may be a separate unit to be installed on the vehicle and an add-on or on-board system built in the vehicle. This standard does not cover methods of test and procedure for type approval, which are covered under WDUS 2277-2. The two parts of this standard cannot therefore be read in isolation.	06/11/2021
<a href="#">G/TBT/N/UGA/1390</a> 07/09/2021	Uganda	<i>Speed limiters</i> <b>DUS 2277-2:2021, Road vehicles — Maximum road speed limiters — Part 2: Specification for system and component, First Edition</b> This Part of Uganda Standard specifies requirements for the performance of systems and components designed to form part of a speed limiter intended to limit the maximum road speed of motor vehicles by control of engine power.	06/11/2021
<a href="#">G/TBT/N/UKR/198</a> 07/09/2021	Ukraine	<i>Construction products</i> <b>The Resolution of the Cabinet of Ministers of Ukraine of 28.04.2021 No 426 "On approval of the List of categories of construction products"</b> The Resolution approves the List of categories of construction products for which National Assessment document can be issued in the absence of relevant European Assessment Document for certain category of products. The list of categories of construction products fully corresponds to the list set out in Annex IV to Regulation (EU) No 305/2011.	

<a href="#">G/TBT/N/UKR/199</a> 07/09/2021	Ukraine	<p><i>Air heating products with rated heating capacity not exceeding 1MW; cooling products and high temperature process chillers with rated cooling capacity not exceeding 2MW; fan coil units</i></p> <p><b>Draft Resolution of the Cabinet of Ministers of Ukraine "On Approval of the Technical Regulation on Ecodesign Requirements for Air Heating Products, Cooling Products, High Temperature process chillers and fan coil units"</b></p> <p>The Technical regulation sets out the ecodesign requirements for heaters, coolers, high temperature process chillers and fan coil units.</p>	06/11/2021
<a href="#">G/TBT/N/UKR/200</a> 07/09/2021	Ukraine	<p><i>Construction commodities</i></p> <p><b>Law of Ukraine No 850 "On provision of the construction materials market"</b></p> <p>The Law aims to set and launch Harmonised European standards that provide a technical basis to assess the performance of construction commodities, as well as to bring Ukrainian legislation in line with the EU. The abovementioned standards enable manufacturers to draw up the Declaration of Performance as defined in the Construction Products Regulation, and affix the CE marking. Enactment of the Law will lead to determination of the basis for the declaration of technical indicators of construction commodities establishment of the basic requirements for the equipment definition of mechanisms for ensuring compliance with regulatory requirements for engineering and structural systems of buildings and construction products.</p>

Para el desarrollo de la propuesta se ha tomado en consideración experiencias internacionales, el etiquetado de eficiencia energética que se encuentra vigente, y los protocolos en vigor en Chile.</p>	07/11/2021
<a href="#">G/TBT/N/CHL/572</a> 08/09/2021	Chile	<p><i>Fortificación de Alimentos con Vitamina D</i></p> <p><b>MODIFICACIÓN DEL DECRETO SUPREMO Nº977/96, MINISTERIO DE SALUD, REGLAMENTO SANITARIO DE LOS ALIMENTOS, TÍTULO VIII DE LAS LECHE Y PRODUCTOS LÁCTEOS, ARTÍCULO 203, TÍTULO XV DE LOS ALIMENTOS FARINÁCEOS PÁRRAFO II DE LAS HARINAS ARTÍCULO 350, TÍTULO XXVII DE LAS BEBIDAS ANALCOHÓLICAS, JUGOS DE FRUTA Y HORTALIZAS Y AGUAS ENVASADAS, PÁRRAFO I DE LAS BEBIDAS ANALCOHOLICAS ARTÍCULO 481 BIS</b></p> <p>La presente modificación tiene por objeto implementar un programa de salud pública para corregir la situación identificada a través de la Encuesta Nacional de Salud 2017, la cual evidenció que gran parte de la población chilena tiene deficiencia de Vitamina D. Existen múltiples causas para la deficiencia de vitamina D, principalmente relacionadas a bajos niveles de exposición solar y baja ingesta dietética de vitamina D, por alto grado de sedentarismo de la población chilena, la latitud del país y el alto porcentaje de población obesa, lo que da como resultado que la vitamina D se encuentra menos disponible en la sangre. Evidenciándose la urgente necesidad de implementar un programa de salud pública para corregir la situación.</p>	23/10/2021
