It imposes the necessary rules on MNOs, full MVNOs and certain companies having a private 5G network to ensure that they carry out within the European Union the activities that are absolutely necessary for the</p>	27/11/2022

operation, security and continuity of their network. It requires these entities to ensure that the persons, equipment, software and data necessary for the real-time supervision of their (elements of the core of the) 5G network and those linked to the control of physical and logical access to their (elements of the core of the) 5G network are located in the European Union. Persons who do not supervise the network in real time, but who may be asked to perform a specific action on the network, may be located outside the European Union, provided that their interventions are permanently monitored.

G/TBT/N/BEL/47 28/09/2022	Belgium	<p><i>ELECTRONICS (ICS code(s): 31); TELECOMMUNICATIONS. AUDIO AND VIDEO ENGINEERING (ICS code(s): 33); INFORMATION TECHNOLOGY. OFFICE MACHINES (ICS code(s): 35)</i></p> <p>Draft Royal Decree on the ministerial authorisation in the context of 5G network deployment;</p> <p>This draft Royal Decree lays down the necessary details to implement the system of ministerial authorisation as introduced by Article 105 of the Belgian Act of the 13th of June 2005 on electronic communications. It establishes the restrictions on the use of active 5G network elements manufactured by high-risk manufacturers of such elements, and on the use of service providers to manage and monitor their 5G network elements. Such restrictions were deemed necessary as alternative measures that could be imposed are not sufficient to sufficiently mitigate the security risk in question. These restrictions apply to MNOs, full MVNOs and certain companies having a private 5G network. The draft also defines the composition of the file to be submitted for obtaining a ministerial authorisation. The draft also specifies when an authorisation has to be asked in case of an update of software or hardware related to a network element.</p>	27/11/2022

Commission Implementing Regulation (EU) No 540/2011;

This draft Commission Implementing Regulation provides that the approval of the active substance captan is renewed with restriction to uses in greenhouses, in accordance with Regulation (EC) No 1107/2009. EU Member States shall amend/withdraw authorisations for plant protection products containing captan as an active substance. The restricted renewal of approval is based on the first evaluation of the substance for use as a pesticide active substance in the EU under Regulation (EC) No 1107/2009. The substance was formerly assessed and approved under Directive 91/414/EEC. This decision only concerns the placing on the market of this substance and plant protection products containing it. Separate action will likely be taken on MRLs and a separate notification will be made in accordance with SPS procedures.

G/TBT/N/SGP/65 28/09/2022	Singapore	<i>Food</i>	27/11/2022	

Draft Food (Amendment No. X) Regulations 2022(Labelling requirements for prepacked foods), accessible on <http://www.sfa.gov.sg/legislation>;

The Singapore Food Agency (SFA) proposes the following amendments to the labelling requirements for prepacked food.

A. To amend Regulation 5 of the Food Regulations on general requirements for labelling of prepacked food to:

- i. require the declaration of lot identification that identifies the producing factory and the production lot of the food;
- ii. require the declaration of directions of use or handling of food where incorrect manner of use or handling of the food would render the food unsafe or unsuitable;
- iii. require the name of the country of origin of the food to be accompanied by suitable words (e.g. "Country of origin"; "Product of"; "Manufactured in", etc) and for prepacked food manufactured in Singapore to be declared with the country of origin;

iv. amend the requirements for declaration of statement of ingredients as follows:

a) mandate the declaration of statement of ingredients under an appropriate heading (e.g. "Ingredients"); and for the ingredients to be listed in descending order based on the ingoing weight at the time of manufacture.

b) mandate the declaration of added water under the statement of ingredients except when:

1. water forms part of an ingredient such as brine, syrup or broth used in a compound food and declared as such in the list of ingredients;

2. water is evaporated in the course of manufacture;

3. water makes up less than 5% of the finished product; and

4. water is used to reconstitute dehydrated ingredients where the amount of water added is equal to the water originally removed in the making of the dehydrated ingredient.

c) exempt the declaration of processing aids.

d) mandate the declaration of presence of any allergen obtained through the use of biotechnology involving a food and ingredients known to cause hypersensitivity to individuals (as listed under Regulation 5(4)(ea)).

e) update the list of permitted general terms under the First Schedule of the Food Regulations and consequentially, to revoke Regulation 6(4).

B. To amend Regulation 6 to exempt food packed in small units, where the largest surface area is less than 10 cm², from the declaration of the following information on the label provided that the information is made accessible to a prospective purchaser through a physical document or a website or other electronic record:

i. statement of ingredients (including declaration of tartrazine, ingredients known to cause hypersensitivity to individuals)

ii. lot identification

iii. statement for food containing aspartame

iv. directions of use or handling of food

C. To amend Regulations 9 and 9A of the Food Regulations to prohibit the use of claims or suggestion in relation to food that implies:

i. that other food is unsafe for consumption;

ii. that an ingredient permitted by these Regulations in food is unsafe for consumption;

- iii. the food does not contain a food additive that is not permitted by these Regulations; or
- iv. the food does not contain any substance that is prohibited in food.

D. To include a new Regulation 12A for food advertised or sold on online sales platform, to require the declaration of the following information on the sales listing of the prepacked food:

- i. Name of food
- ii. List of ingredients (including the declaration of tartrazine and food known to cause hypersensitivity)
- iii. Net contents and drained weight
- iv. Name and address of the Singapore manufacturer, packer, distributor, importer, export or vendor of the food
- v. Name of the country of origin
- vi. Directions of use or handling of food

To include the definition and specific criteria for foods sold as "gluten-free", "naturally gluten-free" and "reduced gluten".

G/TBT/N/ZAF/248 28/09/2022	South Africa	<i>Dried Fruits</i> Regulations relating to the grading, packing and marking of dried fruit intended for sale in the Republic of South Africa; The proposed regulations set minimum quality standards for the grading of dried fruit and prescribe the labelling of such products when presented for sale as well as the control system to ensure compliance to the standards. Food safety issues are excluded from the proposed regulations.	27/11/2022

G/TBT/N/USA/1922 28/09/2022	United States of America	<i>Commercial motor vehicles; Commercial vehicles (ICS code(s): 43.080)</i> Unique Electronic Identification of Commercial Motor Vehicles; Advance notice of proposed rulemaking (ANPRM) and request for comments -FMCSA requests public comment on whether the agency should amend the Federal Motor Carrier Safety Regulations to require every commercial motor vehicle (CMV) operating in interstate commerce to be equipped with electronic identification (ID) technology capable of wirelessly communicating a unique ID number when queried by a Federal or State motor carrier safety enforcement personnel. In response to a petition for rulemaking from the Commercial Vehicle Safety Alliance (CVSA), FMCSA is considering such amendments to improve the efficiency and effectiveness of the roadside inspection program by more fully enabling enforcement agencies to focus their efforts at high-risk carriers and drivers.	22/11/2022
G/TBT/N/USA/1923 28/09/2022	United States of America	<i>Liquid chemical categorization updates; Quality (ICS code(s): 03.120); Transport by water (ICS code(s): 03.220.40); Environmental protection (ICS code(s): 13.020); Production in the chemical industry (ICS code(s): 71.020); Products of the chemical industry (ICS code(s): 71.100)</i> 2022 Liquid Chemical Categorization Updates; Notice of proposed rulemaking -The Coast Guard is proposing to align the Liquid Chemical Categorization tables with the 2020 Edition of the International Code for the Construction and Equipment of Ships Carrying Dangerous Chemicals in Bulk and the International Maritime Organization's Marine Environment Protection Committee's Circular 25. The updated tables would provide a list of the liquid hazardous materials and liquefied and compressed gases approved for international and domestic maritime transportation, and indicate how each substance is categorized by its pollution potential, safe carriage requirements, chemical flammability, combustibility, and compatibility with other substances. This proposed rule would impose no additional costs to chemical shippers or vessel owners.	21/12/2022
G/TBT/N/USA/1924 28/09/2022	United States of America	<i>Federal excise tax benefits, imported alcohol; Alcoholic beverages (ICS code(s): 67.160.10)</i> Implementation of Refund Procedures for Craft Beverage Modernization Act Federal Excise Tax Benefits Applicable to Imported Alcohol; Notice of proposed rulemaking -Elsewhere in this issue of the Federal Register, by means of a temporary rule, the Alcohol and Tobacco Tax and Trade Bureau (TTB) is implementing certain changes made to the Internal Revenue Code by the Taxpayer Certainty and Disaster Tax Relief Act of 2020 (Tax Relief Act of 2020), which amended the Craft Beverage Modernization Act (CBMA) provisions of the Tax	22/11/2022

Cuts and Jobs Act of 2017. The temporary rule establishes procedures for taking advantage of quantity-limited reduced tax rates and tax credits applicable to imported alcohol products. The text of the regulations in that temporary rule serves as the text of the proposed regulations. This document also proposes to amend the regulations to clarify that a foreign producer may not assign CBMA tax benefits on distilled spirits, wine, or beer unless it produces the product. In this document, TTB is soliciting comments on the regulatory amendments adopted in the temporary rule and on the amendment proposed in this notice of proposed rulemaking.

G/TBT/N/USA/1925 28/09/2022	United States of America	<i>Digital low power television (LPTV)/translator service; Audio, video and audiovisual engineering (ICS code(s): 33.160); Television and radio broadcasting (ICS code(s): 33.170)</i>	24/10/2022
		Establishing Rules for Digital Low Power Television and Television Translator Stations;	
		<p>Proposed rules -In this document, the Federal Communications Commission (Commission or FCC) seeks comment on adjustments to certain (regulations) to reflect the current operating environment, including the termination of analog operations in the low power television (LPTV)/translator service as of 13 July 2021. This notice of proposed rulemaking (NPRM) seeks comment on certain amendments, including proposing to adopt rules previously applicable to analog operations for digital operations, updating geographic coordinates to the current North American Datum (NAD) standard, modifying station identification requirements, requiring LPTV stations to transmit with a virtual channel that avoids conflicts with other stations, updating the process for filing applications with the Commission, and making certain technical modifications.</p>	
G/TBT/N/EU/929 29/09/2022	European Union	<i>Biocidal products</i> Draft Commission Implementing Decision not approving 2,2-Dibromo-2-cyanoacetamide (DBNPA) as an existing active substance for use in biocidal products of product-type 4 in accordance with Regulation (EU) No 528/2012 of the European Parliament and of the Council;	28/11/2022
		<p>This draft Commission Implementing Decision does not approve 2,2-Dibromo-2-cyanoacetamide (DBNPA) as an active substance for use in biocidal products of product-type 4. DBNPA has endocrine disrupting properties that may cause adverse effects in humans and the environment (non-target organisms) in accordance with the criteria laid down in Commission Delegated Regulation (EU) 2017/2100. DBNPA therefore meets the exclusion criteria set out in Article 5(1), point (d), of Regulation (EU) No 528/2012. None of the derogation criteria under Article 5(2) of the BPR are considered met, alternatives are available for its use in biocidal products of product-type 4. It is therefore appropriate not to approve DBNPA for use in biocidal products of product-type 4.</p>

Food Labeling: Nutrient Content Claims; Definition of Term "Healthy";

Proposed rule -The Food and Drug Administration (FDA or we) is proposing to update the definition for the implied nutrient content claim "healthy" to be consistent with current nutrition science and Federal dietary guidance, especially the Dietary Guidelines for Americans ([Dietary Guidelines](#)), regarding how consumers can maintain healthy dietary practices. This action, if finalized, will revise the requirements for when the term "healthy" can be used as an implied claim in the labeling of human food products to indicate that a food's level of nutrients may help consumers maintain healthy dietary practices by helping them achieve a total diet that conforms to dietary recommendations.
