Singapore

All pre-packaged beverages in plastic bottles and metal cans that are 150ml (inclusive) –3000ml (inclusive)

22/01/2023

Resource Sustainability (Amendment) Bill

The Ministry of Sustainability and the Environment and the National Environment Agency will be introducing a beverage container return scheme (otherwise commonly known as a Deposit Refund Scheme, Container Deposit Scheme or Bottle Bill) for Singapore. Under the scheme, a small deposit will be applied to certain beverage containers when consumers buy a pre-packaged beverage. Consumers can then claim a deposit refund by returning their empty beverage container to a designated return point. The beverage producers (i.e., importers, manufacturers) will pay for and/or run the scheme for the collection and recycling of the returned empty beverage containers. To help consumers identify containers covered under the Scheme, beverage containers must be labelled with a deposit mark. Otherwise, refunds could be wrongly claimed on beverage containers where a deposit was not paid in the first place, such as those bought overseas. The deposit mark will also facilitate the return of containers at manual return point locations.

Household refrigerating appliances

22/01/2023

Draft Order of the Ministry of Energy of Ukraine "On Approval of the Technical Regulation for Energy Labelling of Household Refrigerating Appliances";

The draft Order of the Ministry of Energy of Ukraine "On Approval of the Technical Regulation on Energy Labelling of Refrigerating Appliances" is developed in order to regulate the requirements for energy labelling of refrigerating appliances in accordance with the updated EU legislation, as well as to provide consumers with information on the level of efficiency of energy consumption by refrigerating appliances and additional information that

will enable consumers to choose the most energy efficient products.

The draft Order corresponds to Commission Delegated Regulation (EU) 2019/2016 of 11 March 2019 supplementing Regulation (EU) 2017/1369 of the European Parliament and of the Council with regard to energy labelling of refrigerating appliances and repealing Commission Delegated Regulation (EU) No 1060/2010.

It is established that refrigeration appliances placed on the market before the entry into force of this Order, which do not meet all or some of therequirements Technical regulation for energy labelling of refrigeration appliances, approved by this Order, may be placed on the market within one year from the date of entry into force of this Order.

As of today, in Ukraine operates the Technical Regulation for energy labelling of household electric refrigerators, approved by the Resolution of the Cabinet of Ministers of Ukraine of August 7, 2013 No. 702. After this Order enters into force, the Technical Regulation for energy labelling of household electric refrigerators, approved by the Resolution of the Cabinet of Ministers of Ukraine of August 7, 2013 No. 702, will be canceled.

Household washing machines, household washer-dryers
Draft Resolution of the Cabinet of Ministers of Ukraine "On Approval of the Technical Regulation on Ecodesign Requirementsfor Household Washing Machines and Household Washer-Dryers";

22/01/2023

The draft Resolution of the Cabinet of Ministers of Ukraine "On Approval of the Technical Regulation on Ecodesign Requirements for Household Washing Machines and Household Washer-Dryers" is developed in order to ensure the implementation of ecodesign requirements in accordance with the updated EU legislation.

The Technical Regulation corresponds to Commission Regulation (EU) No 2019/2023 of 1October 2019 laying down ecodesign requirements for household washing machines and household washer-dryers pursuant to Directive 2009/125/EC of the European Parliament and of the Council, amending Commission Regulation (EC) No 1275/2008 and repealing Commission Regulation (EU) No 1015/2010.

As of today, in Ukraine operates the Technical regulation on ecodesign requirements for household washing machines, approved by the Resolution of the Cabinet of Ministers of Ukraine of August 14, 2019 No. 738 that was developed pursuant to Commission Regulation (EU) No 1015/2010.

After this Resolution enters into force, the Technical regulation on ecodesign requirements for household washing machines, approved by the Resolution of the Cabinet of Ministers of Ukraine of August 14, 2019 No. 738, will be canceled.

G/TBT/N/UKR/240 25/11/2022	Ukraine	<p><i>Release of the N-nitrosamines and N-nitrosatable substances from elastomer or rubber teats and soothers</i></p> <p>Draft Order of the Ministry of Health of Ukraine "On approval of the Criteria for release of the N-</p>	

nitrosamines and N-nitrosatable substances from elastomer or rubber teats and soothers";

The draft Order provides for the approval of the Criteria for the release of N-nitrosamines and N-nitrosatable substances from elastomer or rubber teats and soothers and prohibits, as of January 1, 2024, the sale and use of elastomer or rubber teats and soothers that do not meet the safety requirements set forth in Section II of the Criteria. The Criteria set requirements for certain safety indicators for rubber and elastomeric teats and soothers and apply to the release of N-nitrosamines and substances that can be converted to N-nitrosamines from teats and soothers made of elastomer or rubber. The draft Order harmonizes the provisions of Commission Directive 93/11/EEC of 15 March 1993 concerning the release of the N-nitrosamines and N-nitrosatable substances from elastomer or rubber teats and soothers in order to ensure a high level of protection for the children's health.
